Axiom Compliance Learning

CPPFES2021 Inspect, test and maintain fire extinguishers $460

Thank you for your interest in completing the unit CPPFES2021 Inspect, test and maintain fire extinguishers (Release 1).

Course Recognition

CPPFES2021 Inspect, test and maintain fire extinguishers is a Nationally Recognised Training Course. It is recognised throughout Australia by industry bodies, employers, accreditation schemes, and licencing applications.

Licensing/Regulatory Information

Work in this area must be completed according to relevant legislative, industry, customer and organisational requirements, including occupational health and safety (OHS) policies and procedures.

The technician is not permitted to undertake any functions restricted to licensed trades or occupations such as installation, replacement, maintenance and repair functions.

Licensing, legislative, regulatory or certification requirements apply to these units of competency in some states and territories. For further information, check with the relevant regulatory authority.
Particular states may require additional units and/or the full Certificate II in Fire Protection Inspection and Testing, if a licence application is sought.

It is essential for Axiom Compliance Learning to provide quality training and a reduced risk of the COVID-19 virus. We have developed training resources, such as online course documentation, interactive templates, procedural and instruction videos, to shorten the face-to-face component of this training.
